**FOR IMMEDIATE RELEASE**

## **Furst Group Continues Sponsorship of “Top 25 Women in Healthcare” Awards**

CHICAGO – Furst Group is pleased to announce that it is continuing its sponsorship of the “Top 25 Women in Healthcare” awards program presented by *Modern Healthcare*.

The magazine will announce this year’s honorees in April. The 2011 program is being expanded to include a half-day conference. Both the conference and the awards banquet will be held July 12 in Atlanta.

The program, along with the “Top 25 Minority Executives in Healthcare” awards, matches Furst Group’s efforts as an executive search and consulting firm to ensure that the leadership of healthcare organizations reflects the communities they serve.

“Women and leadership are two topics that are among the most relevant for today’s healthcare organizations,” Furst Group CEO Bob Clarke said. “Every institution is seeking, developing and hoping to retain individuals with leadership qualities. Similarly, the desire to ensure that women have an equal seat at the table and voice in the decision-making process is the hallmark of any respected healthcare organization.”
